DETAILED ACTION

1. This action is responsive to the communication filed 04/30/2008.

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on 04/30/2008 has been entered.

Examiner acknowledges Applicant's submission of the Information Disclosure Statement filed 04/30/2008.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Natalie Moreli (Reg. #58,548) on October 25, 2007.

The application has been amended. Claims 1-3, 5-17, and 19-24 are replaced with the claim language as filed on 12/11/2006 (as presented prior to amendments filed 09/07/2007).

On claim 1, replace "is operable to" with "comprises", on line 11 and replace "require...establish...request...receive..." on lines 12, 16, 19, and 25 respectively with "means for requiring...means for establishing...means for requesting...means for receiving..."

On claim 12, replace “is operable to” with “comprises”, on line 15 and replace “obtain...prepare...transmit...” on lines 16, 20, and 22 respectively with “means for obtaining...means for preparing...means for transmitting ...”

On claim 15 delete “; and the verification server is operable to,” on lines 10 and 11 and replace “require...identify...request...prepare...transmit” on lines 12, 15, 18, 23, and 26 respectively with “means for requiring...means for identifying...means for requesting ...means for preparing...means for transmitting.”

On claim 16 delete “; and the verification server is operable to,” on lines 11 and 12 and replace “require...identify...request...prepare...transmit” on lines 13, 17, 19, 25, and 28 respectively with “means for requiring...means for identifying...means for requesting ...means for preparing...means for transmitting.”

On claim 17 delete “; wherein the verification server is operable to;” on lines 7 and 8 and replace “require...identify...request...prepare...transmit” on lines 9,13, 16, 21, and 21 respectively with “means for requiring...means for identifying...means for requesting ...means for preparing...means for transmitting.”

On claim 21, replace “being operable to:” with “comprising” on line 8 and replace “supply...supply...receive...receive...” on lines 9, 14, 18, and 20 respectively with “means for supplying...means for supplying...means for receiving...means for receiving.”

Reasons For Allowance

3. Claims 1-3, 5-17 and 19-24 hereafter referred to as 1-22 are allowed.

4. The following is an examiner's statement of reasons for allowance: The closest prior art of record (WO 99/55055 by Kupka) does not teach nor suggest in detail requesting the current status of a program and data that stored on a recording medium of a user computer in combination with all the elements of each independent claim as argued by the Applicant (See Page 32 of Applicant enabling specification). Kupka merely teaches a method of protecting downloaded data. In Kupka, requesting the status of a program and transmitting the status to the server is not taught. So as indicated by the above statements, Applicant's arguments have been considered persuasive in light of the claim limitations as well as the enabling portions of the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
